

# Cardon Treatment Table - CTT

*Shown with optional rear leg soft touch footswitch configuration*

## Features

The Cardon Treatment Table is our basic orthopaedic treatment table that features an adjustable head and leg section with a fixed center section. This table adjusts to multiple positions permitting optimization of patient positioning on the table. The head section drops 90 degrees and rises to 85 degrees; the leg section raises 90 degrees.

## Soft Touch Technology

Cardon's patented Soft Touch Footswitch has been strategically positioned on the base of your treatment table. **Minimal** amount of pressure applied by your foot will raise and lower the table with ease.

# Cardon Treatment Table - CTT
